

# Bink's Tailor Shop and Deli

The proprietor of Bink's couldn't choose between his two passions of couture and cuisine, so he combined them into a single establishment to great success. Both his sandwiches and his customers are \_\_\_\_\_.

Each DELI SANDWICH below is made by layering three words atop one another such that each word overlaps its neighbors by at least two letters. When filling in the blanks, only write the overlapping letters once. Example:

Free nibble at the supermarket	SAMPLE
Polite word	PLEASE
Confiscated in a raid	SEIZED
-----	SAMPLEASEIZED

Each ALTERATION takes one of the DELI SANDWICH answers and snips out unnecessary letters until you're left with the answer, reading left to right. ALTERATIONS can begin anywhere in the DELI SANDWICH and are at least 6 letters long. Example:

Tawdry, vulgar tastelessness	SAMPLEASEIZED
	<del>SAMPLEASEIZED</del> = SLEAZE

Match each DELI SANDWICH to the proper ALTERATION, then alphabetize the ALTERATION answers to find out what goes in the blank above.
