

Hints – CSI

1. Noticing that this is “CSI: Orlando” should let you know the sort of characters you're tracking down. The photo will identify the victim, and the Crime Scene Notes and items Also Found At Scene will identify the killer.
2. Once you know who the victims and killers are, try finding a connection between each victim and one of the other killers.
3. When the crimes are in order, use the killers to find the final answer. The Crime Scene Notes have another clue you'll need.
