

Reaching a clearing in the woods, you next come upon three houses in various states of construction. Their porcine owners are debating the merits of different building materials when they hear you approach. "The Big Bad Wolf is coming," they squeal excitedly. "You must help us build our houses in time!"

Place numbers 0-9 in the empty cells so that each row and each column contains a set of distinct, consecutive numbers.

EXAMPLE:

	0		
			4
1			
2		3	

⇒

SOLUTION:

	0	1	
4	3		5
3		2	4
1	2	0	
2	1	3	

	3			
		9		8
			2	5
5		8		6
	0			3

	4			
	6			8
		5		
	5		4	
7		6		
4		7	9	
	3	2		

	4			
		5	4	
5		4		
3				2
		8	6	
	2	3		5

Rows

- 1 First note of the musical scale
Ord, Knox, or Bragg (Abbr.)
R's counterpart, on the Hill
- 2 Arizona necktie
Nudge, as one's memory
