

# DASH<sup>5</sup>

DOCTORS AGAINST SCOURGES OF HUMANITY: Unit 5

May, 2013

## IDENTIFY AFFECTED AREA

THREAT LEVEL: YELLOW

### ASSIGNMENT #2

Now that we have confirmed the outbreak is real, we need to determine which part of the body is the source of the problem.

### DETAILS:

Now that we've confirmed the outbreak is real, we need to determine which part of the body is affected. DASH<sup>5</sup> administered a multi-clue test to one patient, but she only replied with numbers and by drawing the grid enclosed. We believe that this information can be interpreted to positively identify the affected area of the body. Good luck!

RESULT: \_\_\_\_\_ SCORE: 40pts

ASSIGNMENT #2  
IDENTIFY AFFECTED AREA
