

BETWEEN A ROCK AND A HARD PLACE

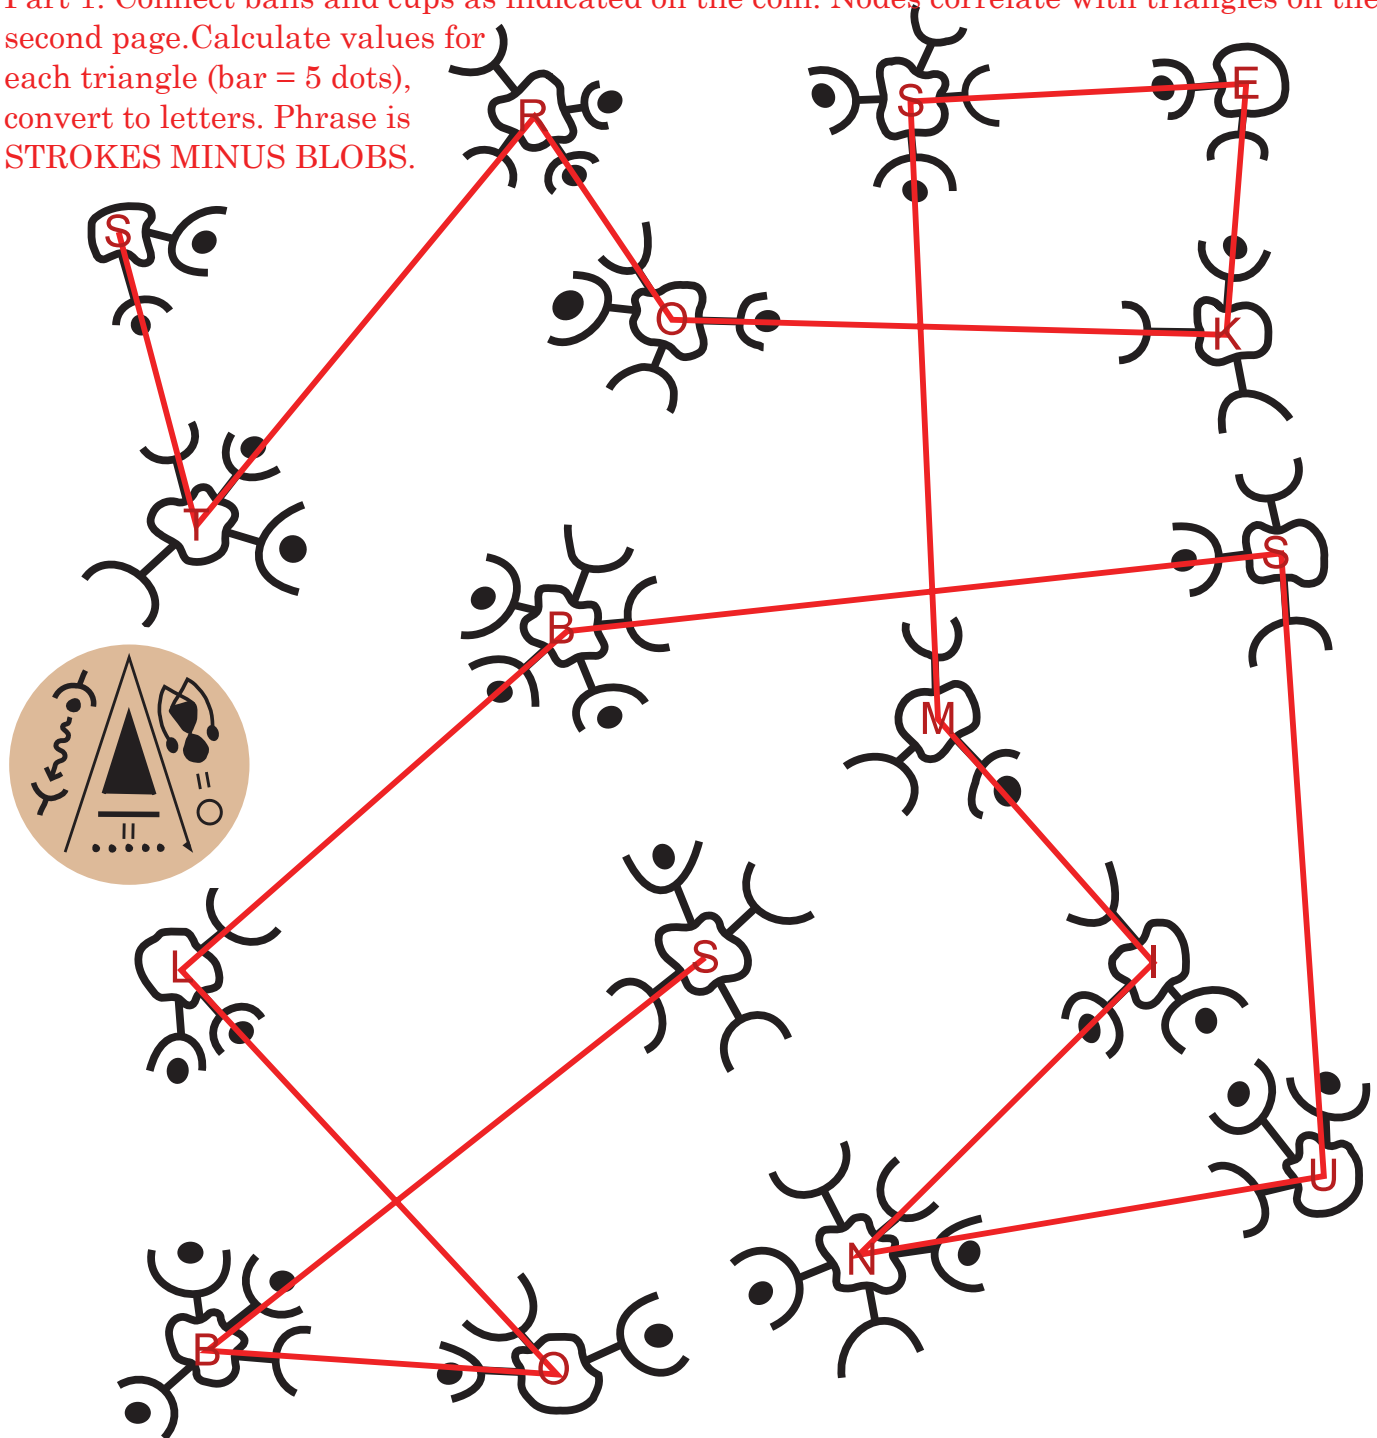

SOLUTION

Page 1 of 2

PUZZLE 4

A **number** of strange petroglyphs adorn the bare rocks here. Could there be some **connection** with your pursuit?

Part 1: Connect balls and cups as indicated on the coin. Nodes correlate with triangles on the second page. Calculate values for each triangle (bar = 5 dots), convert to letters. Phrase is STROKES MINUS BLOBS.

BETWEEN A ROCK AND A HARD PLACE

SOLUTION

Page 2 of 2

Part 2: For each of the previously-unused large figures, calculate the value for "strokes - blobs" and convert to a letter. Read in the order each figure is encountered along the path.

The answer is:

DIG WELL
